ABOUT BIZCOACH PRO

BizCoach Pro is a ten-week coaching program for owners and CEOs of growing businesses and the emerging leaders who work for them. We pair a structured curriculum with one-on-one coaching from people who have run companies and spent decades working with owners.

Work one-on-one with your coach to tackle three or four real challenges in your company.

Group sessions follow a proven curriculum, led by our coaches.

Small peer cohorts

Owners learn alongside owners; emerging leaders alongside emerging leaders.

FOR ADVISORS AND REFERRAL PARTNERS

KNOW AN OWNER WHO IS CARRYING TOO MUCH?

Accountants, attorneys, bankers and wealth advisors often see it first: a capable owner with too much of the business still running through them. BizCoach Pro doesn't replace the advice you give. Owners learn which questions to ask, so they get more from the advisors they already trust. Introduce them to us, or pass along the link below.
